**Go away from Jo'burg (towards Randfontein)
down Main Reef Rd. Go through the Miles Stoker circle,
over the railway track and at the first traffic light,
(there's a white triangular type wall/ structure next to you) turn LEFT.
Take first LEFT again (at a small narrow road) then after the road bends,
go around the intersection with small islands, towards the RIGHT. It's a
horseshoe effect ahead of you, enter the LHS small gate to the CLAW clinic**

Parking is safe and there are many security cameras

even though it looks like the buildings on either side of the horseshoe are derelict.
